Introduction

Welcome to Cicely Haughton School, we hope you settle in quickly, and have a happy time.

This booklet will explain how things are done here. It also contains a lot of useful information which you can keep to look at in the future.

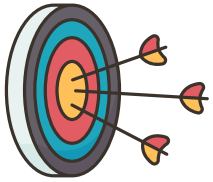

In your class there can be up to 10 other children, a Class Teacher and a Teaching Assistant or Assistants (TA(s)). We also have Generic Support Workers (GSW's). These are people who look after you after school if you sleep at Cicely Haughton School as part of a residential programme.

Statement of Purpose

A Residential Education Placement will provide the appropriate environment in which children are consistently afforded the opportunities to maximise their abilities with regard to academic, social and emotional development.

This means that we will help you where ever we can to make you feel better about yourself and to help you do your best.

- Be supportive of our ethos and what we are trying to achieve.

What happens if I do something wrong?

Sometimes children make mistakes, and adults can help to put right these mistakes. If you get too aggressive, over excited, etc you may be asked to spend a few minutes by yourself to calm down before joining in again.

The safety of yourself, your friends and the staff is the key thing.

You will be given a chance to put things right!

What do I do if I am not happy about something?

We like to think that children at Cicely Haughton feel safe and enjoy coming to school. If for any reason you are worried we would like you to tell us.
